MAIL ORDERS

SEEDS. Vegetable Seeds, in packets and ounces, will be forwarded, postage paid, to any postoffice in the United States, at prices quoted in this catalogue. On peas and beans add 5c per pint and 10c per quart; and on corn add 4c per pint and 8c per quart, for postage.

PLANTS. Small plants selected from this catalogue will be sent by mail if so desired, postage paid; but we would advise our customers to have plants shipped by express, as larger and better plants can be sent, and extras will be added to cover express charges. We are careful in our shipment of plants. Plants offered by us are carefully grown, and are strong and healthy. We make no charge for packing, boxing, etc., and pack as lightly as possible, so as to reduce cost of carriage.

REMITTANCES may be made by bank draft, postoffice or express money order, or registered letter. Orders from parties unknown to us will be sent C. O. D., unless accompanied by satisfactory references.

WHEN ordering seeds or plants by mail you are requested to be particular to write your name, postoffice, county and state, plainly, as delays are occasioned by such omission.

Snow Flake. A compact growing, very late, white flowering variety.

Each 15c, doz. \$1.50

GYPSOPHILA PANICULATA, Baby's Breath.

A beautiful old-fashioned perennial. When in bloom it forms a symmetrical mass two to three feet in height and as much through, of minute white flowers, forming a beautiful gauze-like appearance.

Each 15c, doz. \$1.50

GERMAN IRIS, Iris Germanica.

These are neat, robust, hardy, herbaceous, early-blooming plants, with large ornamental flowers of rich and elegantly blended colors, exquisitely striped with dark violet, purple or bronzed lines, upon a lighter ground.

Assorted, each 15c, doz. \$1.50

INCARVILLEA.

Delavayi. A fine hardy tuberous-rooted plant, very aptly called the hardy Gloxinia. Large rose-colored trumpet-shaped flowers, which last a long time, produced in clusters on stems 18 inches long. Should be protected with a covering of leaves during the winter.

Each 25c

JAPANESE IRIS.

These magnificent Iris are among the most beautiful of our summer-flowering plants. They commence blooming about the middle of June and continue in bloom for five or six weeks. Many of these flowers are from 10 to 12 inches in diameter, and rival the orchids in their rich colorings and markings. While the Iris succeeds in almost any soil and under any conditions, they delight in a rich, deep, wet position, and should be abundantly supplied with manure and water.

Named varieties, each 25c, doz. \$2.50

Choice mixed varieties, each 15c, doz. \$1.50

HEMEROCALLIS FLAVA, Yellow Day Lily.

A most useful and desirable herbaceous plant producing its large golden-yellow flowers during July and August in the greatest profusion; the plants grow about three feet high.

Each 15c, doz. \$1.50

HARDY GARDEN PINKS.

Dwarf, hardy pinks, bearing double flowers of rich colors and possessed of the true clove scent; they winter better if protected. Six best varieties including white.
